

A regal portable restroom experience.™

The Royal Restrooms of Utah Three-Stall Winterized Shower Unit is a simple solution for events such as week-end festivals or for use at certain job sites. Originally designed for disaster relief efforts, the Royal Restrooms Three-Stall Shower Unit is the perfect choice for emergency situations or in any case where power and water sources are not readily available.

The Royal Restrooms Three-Stall Shower Unit includes three doors each furnished with a sink, toilet, and shower. Whether used for a special event or emergency situation, Royal Restrooms of Utah can provide individuals with the a clean, private, and spacious stalls featuring:

- Rugs and Pictures
- Flushing Porcelain Toilets
- Pedestal Sinks and Mirrors
- Hand Soap and Hand Towels
- Air Conditioning
- Heat
- Low Level Outdoor Lighting
- Occupancy Light Indicator

The unique design of Royal Restrooms of Utah gives them the mobility to go virtually anywhere. The Three-Stall Shower Unit is completely self-contained and operable using (2) 110 volt outlet (220 50 amp winter) or generator for the lights, heat or air conditioner, and on-demand propane water heater. Water is supplied by a spigot and garden hose or a 105 gallon on-board fresh water holding tank. The unit houses a 280 gallon waste holding tank; grey water from the showers can either flow directly into the waste holding tank or be diverted to a specific location on the ground. If operated from a continuous water source, the unit provides approximately 450 hot showers.

Rental options include daily, weekly, and long-term rentals, generators, and additional fresh water holding tanks. Pricing and availability may be obtained by contacting your local Royal Restrooms of Utah office.
